

FAITH FOR FREEDOM

SENDING THE GIFT OF SAFETY, HOPE, HEALING, JUSTICE, AND PREVENTION

1 in 4 women in our community will be victims of domestic violence in their lives, and their freedom will be taken away. They will be held like prisoners in their own homes, while their abuser exerts control over their work schedule, their bank account, cuts them off from friends and family, while inflicting physical and emotional pain. Reaching these victims can be hard because their abuser has kept them so isolated. #FaithForFreedom is a campaign that we started last year in partnership with faith congregations all across Denton County with three goals:

GOALS

1. To raise awareness of domestic violence in congregations across the county, and make our services known to any potential victims
2. To raise funds for the clients that we serve through special offerings and/or in-kind donations in those congregations
3. To build a relationship of trust between the faith communities and our agency in order to know how to connect clients with a congregation of their faith and access to community resources

HOW CAN MY CONGREGATION HELP?

1. Invite us out to speak to your congregation about the work we do!
2. Host special offerings for DCFOF and/or collect items for our clients. The updated list of most needed items is on our website at dcfof.org/donate-items
3. Come volunteer with us! We have a lot of group volunteer opportunities, so your congregation can make a difference together.
